

REMARKS/ARGUMENTS

The Applicant greatly appreciates the allowance of this application. Upon review of the application following allowance, claims 19 and 20 were found to recite, in the preamble, a “method” although they are dependent from system claim 1. The preamble of each claim is amended to correct this inadvertent error.

The present amendment is submitted under the provisions of 37 CFR §1.312. Referring to MPEP §714.16, amendments that merely embody the correction of formal matters in the claims without changing the scope of the claims may be entered. The above changes embody only such an amendment. Also, no substantial amount of work is needed on the part of the USPTO other than a cursory review. Entry of the present amendment is thus believed to be proper, and entry thereof is respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
